PRACTICES

Practices will be twice a week. They will begin around that March 17th week. We will go very steady until our last tournament which is AAU STATE May 15-17

Location in Stillwater. Please encourage your son to take this upcoming season seriously. They will get out what they put in. It's time to give 100 percent effort and attention to detail. Work ethic, nutrition, and consistency is what will set them apart.

GOALS

Our focus this year is of course on winning & skill development but that is NOT the only thing. I want these boys to understand how to truly be MENTALLY TOUGH, how to read ball screens, how to communicate on the defensive end of the court, how to move without the basketball, how to NOT be selfish and revert to hero ball, how to play disciplined, how to listen and adapt on the fly, to ONLY lift each other up and NEVER tear each other down, and finally to understand that life is precious and we never know when our time is up. I appreciate each and every one of your

boys and your families too.

LET'S GO!!!! 1-2-3- PHOENIX!!!

5 Tournaments (Around 15 Games)
